

## **T.N. Agrawal Teachers' Training College, Harigaon**

(Recognised by ERC, NCTE, Bhubneshwar, Affiliated to Aryabhata Knowledge University, Patna)  
Sponsored by T.N. Agrawal Educational & Social Welfare Foundation, P.O.- SanyaBarhatta, Dist -  
Bhojpur, State - Bihar, Pin Code- 802162

### **7.1.2 Institution has a stated policy and procedure for implementation of waste management.**

TNATTC realizes sustainable and holistic waste management essential in reducing its environmental footprint and providing a safe and healthy work environment for teaching and non-teaching employees, students, and visitors. The college must ensure that all the campus wastes are disposed by using proper waste segregation mechanism at the source and if possible, converting it into value added environment friendly product. The college is adopting the principles of the 'best practicable environmental option' in the delivery of its waste management services. The college will apply a 'waste hierarchical approach' to reduce, reuse, recycle and recover waste products in preference to the disposal of waste to land fill.

The college dumps the biodegradable waste to degrade or decompose. After decomposition the good quality and nutrients rich manure is used in college garden itself. The use of plastics and plastic bags are strictly prohibited in the College campus. Dustbins are kept on every floor, classroom, laboratory, canteen and campus. The college has well- constructed rain water harvesting and drainage system for waste water management. The tanks of drainage systems are regularly cleaned to avoid stagnation of water.
