### **6.5.5 Institutions keep track of the incremental improvements achieved in academic and administrative domains of its functioning through quality assurance initiatives.**

#### **Response:**

T.N.A. Teachers Training College always evaluates its operations, learning results, and teaching-learning process. The IQAC regularly evaluates the teaching-learning process and takes action to raise its quality. The institute rigorously follows the academic schedule, which is created in advance, posted, and distributed.

The academic calendar contains information about admission to B.Ed. programmes, summer, winter and festival breaks, exam schedules, and results concern. Twenty seven (27) Committees were formed to de-centralize the administrative arrangement in the Institution. To increase the quality of education, the subject wise syllabus was divided into unit wise teachers

All newly admitted students are instructed to participate in orientation sessions where they learn about the institution's philosophy, discipline, and culture. They also learn about the basic curriculum requirements and the system of ongoing assessment. Additionally, all students receive a guided tour of the campus and its amenities. Prior to the start of the academic work students are informed about the schedule, the structure of the program, and the course syllabus. Regular meetings are held to get student feedback and to decide on the best course of action for the teaching-learning process.

IQAC has always taken a learner-centered teaching and learning strategy and it has created policies to periodically assess this approach. In light of this, the IQAC complies with instruction, learning exercises, reviews of curriculum and adjusts in response to feedback. The IQAC reviews the teaching process on a regular basis to assess the learning outcomes and makes suggestions for gradual and regular expansion, upgrades, and addition of anticipated materials, equipment, infrastructure, and other things.
