2.2.1.

Identification of various teaching needs of students at the entry level and redness of professional courses.

The basic objective of our institution is to admit and support the students for the smooth functioning and all round development of the students and institutions through the implementation of e-governance. Before the admission of the students, the university declares the date and details of the entrance test (CET-B.Ed). and develops online system for filling up the application form. In the year 2018, this responsibility was discharged by Nalanda Open University, Patna. In which the candidates filled the application form through the online system and took the entrance test on the specified date. Then the result of the examination was declared and the merit list was prepared and the candidates were called to the university to verify the records. After being found valid, he was sent for admission in the college. In the year 2019 again this responsibility was discharged by Nalanda Open University Patna. And the earlier procedure was adopted. In the year 2020, this responsibility was given to Lalit Narayan Mithila University Darbhanga. And he also followed the earlier procedure. In the year 2021 also, it was again discharged by Lalit Narayan Mithila University Darbhanga. But the responsibility of verification of records was given to the college. As a result of which the college administration formed an admission committee. Through which the counseling of the candidates was done. And his ability and personality and his interest in teaching became known. Then their records were verified and if found valid, they were enrolled. So we only follow the university and their norms but never manually.
