Meeting the Different Needs of Each Student

Depending on the courses Student-Teachers admitted to the programmes offered by the Tarkeshwar Narain Agrawal Teachers` Training College, Harigaon typically have varying demands because of their varied backgrounds. The course coordinator for each topic the students are enrolled in is responsible for identifying any students who are experiencing trouble and the source of that issue. This is because the needs of the student-teachers are both particular and personal. The mentors are consulted about any issues and he or she will set up the required interventions for the student after counselling. If the mentor teacher is unable to solve the issue, it will be discussed at the monthly faculty meeting.
