

T.N. Agrawal Teachers' Training College

Harigaon, Ara, Bhojpur

(Recognised by ERC, NCTE, Bhubneshwar, Affiliated to Aryabhata Knowledge University, Patna)

T.N.A.T.T. College used a tried-and-true mentorship programme. At the start of each course or programme, mentor teachers are assigned to students, and the first mentoring session is held at that time and continued casually through the subsequent year. The unique meeting between the teacher mentor and mentee, which often takes place on the second or third day of the programme, kicks off the mentoring programme. The mentor teacher is held accountable for their mentee during their time in the institution and keeps an eye on all of their activities. The mentorship system affects pupils in the manner listed below:

a) Any educational setting places a strong emphasis on individual differences. The needs of pupils vary greatly. Through ongoing observation of their mentees' behaviour within the institution, the mentor teachers are able to discover the unique needs of their mentees. If the mentor teacher notices these particular needs, appropriate action will be done to help the student, even if it means looking for professional assistance.

b) Sessions for counselling are held whenever they are required. They are all trained and urged to act in a manner befitting the respectability and dignity of instructors because they are all student teachers or teachers. When students' grievances are brought up to mentors by their mentees, they are handled properly.

The personal connection that forms between the mentee and the mentors encourages openness and communication, creating chances for direction, counselling, and advice. For instance, some aspirant students ask their mentor for advice on how to prepare for competitive exams. Some people talk to their mentor teachers about their personal issues.
