1.3.2 Institution familiarizes students with the diversities in school system in Indian as well as in an international and comparative perspective

## Response:

T.N. Agrawal Teachers' Training College, Harigaon Ara start with a daily prayer session reading News headlines, thought of the day, physical exercise, yoga, educational question. Students and Teachers pledge and National Anthem. The prayer session is planned in a way that embodies sentiments of nationalism. It provides an opportunity to apply and practice the theoretical aspects in the real-life situation through field experiences. T.N.A. Teachers Training college provides equal weightage to both theory and practical works. Formally T.N.A. Teachers Training college follows the curriculum of A. K. U. Patna Bihar for B. Ed course. A curriculum for the pupil teachers even in the role of diversity and equity in teaching learning process. Professional Ethics, Gender, Human values and Environment and sustainability are highly valued by the college since they are closely linked to its vision, mission and core values. Institution facilitates students through varied diversity in school system in Indian as well as in an international and comparative perspective. Our ancient Indian contribution is most important in the filed of education for all over the world. It is manifested in the cultural economic, individual, philosophical, scientific, social and spiritual advancement. We can say that education is the means for developing the mind for the betterment of the individual and society. The National Curriculum Framework for teacher education programs suggests that teacher has to be responsive and sensitive to the social context of education.

The challenge for the teachers is to interweave the students' thinking with the course content and help students to analyze their own social, cultural, and historical context. It is very difficult for students coming from different backgrounds differences to adjust to the school environment. Diversity in the classroom not only improves social skills, but it can also affect academic performance. It enhances critical thinking abilities and boosts academic self-assurance. In Our Curriculum provides to contribute our Student Teachers in various Activities Such as Internship Training, Innovative School Visit, Internship Training lends a hand to the student teachers to give the opportunity to work practically in the daily life. During the Training period our Students Teacher Learned the Following Activities of School System Such as School Administration work, Maintenance of Records, Conduct Assembly, Classroom Management, Social Involvement, Conduct the Test and Measurement, Handing the Various Level of Students and Conduct Various Programmers.
